

Hello, GTCYS Philharmonic and Symphony musicians!

Greetings from GTCYS! We are looking forward to starting the new season with you soon. Because you have earned membership in GTCYS' most advanced orchestras, we invite you to apply for our Student Mentorship Program. See details and application form below:

### **GTCYS 2018–19 STUDENT MENTORSHIP PROGRAM: [APPLY NOW!](#)**

Students from Philharmonic and Symphony have the opportunity to serve as mentors to GTCYS' Philharmonia East and West, Sinfonia East and West, Concertino, and Camerata throughout the season.

#### **What do GTCYS Student Mentors do?**

- Play at rehearsals in a side-by-side capacity, demonstrating instrument basics (posture, how to hold the instrument, tone, intonation, pulse, rhythm, watching the conductor, and style).
- Conductors may ask mentors to demonstrate a specific passage for the orchestra so the less advanced players can hear a good aural example of what the conductor is describing and what the orchestra is trying to achieve.
- Conductors may ask mentors to lead “mini-sectionals,” meaning that mentors will work on a specific passage with small groups of students during rehearsal.

#### **When and where will you mentor, and what's the time commitment?**

- Mentors must attend at least **four rehearsals** in the fall semester and **five rehearsals** in the spring semester at their mentored orchestras. Mentors set their own schedules.
- Check out the rehearsal times and locations for the mentored orchestras in the individual orchestra calendars, listed here:
  - Monday evening opportunities:

#### **Why should you be a GTCYS mentor?**

- You will enjoy it and feel good about helping others improve musically!
- You will learn how to talk about how to improve on your instrument.
- You will gain confidence by teaching small groups and demonstrating in front of the orchestra.
- You will gain valuable leadership and volunteer experience, perfect for your college applications or service hours.

#### **How will GTCYS support and recognize the mentors?**

- Mentors will receive folders of music for their mentored orchestras.
- GTCYS will provide nametags to the mentors.

- Mentors will be included in weekly emails for their mentored orchestra.
- The Rehearsal Assistant and the Conductor of the mentored orchestra will be mentors' main GTCYS contacts. Mentors will receive an orientation session from the conductor of their mentored orchestra before their mentorship begins. Mentors should be in contact with the Conductor and Rehearsal Assistant at every rehearsal to check in, ask about the night's priorities, and report about anything they observed during rehearsal.
- Mentors will be recognized with a carnation at the Fall Festival
- Mentors will be recognized in the professionally printed GTCYS Fall and Spring Festival concert programs.

#### **How will GTCYS select the mentors?**

- The instrumentation needs of the mentored orchestras will be the main factor in selecting mentors, as well as the applicant's musical abilities and willingness to fulfill the time commitment.
- Applying to be a mentor, or previous participation as a mentor, will not guarantee placement.
- [Click here to complete a short application form](#)
- Applications will be accepted on a rolling basis, and GTCYS encourages all potential mentors to apply by Friday, September 14.
